

# It is Podcast Fun Learning time for our Little Jumboites at Podar Jumbo Kids!

A unique initiative as a part of our Home School Play and Learning Connection to build on children's Listening, Language and Creative skills.

## The Podcast

will immerse your child through interactive audios into the world of

- **STORYTELLING WITH JUMBO**
- **FUN WITH RHYMES WITH JUMBO**
- **DRAWING USING THEIR LISTENING SKILLS AND CREATIVE EXPRESSION**

Please download the Anchor app on your computer or phone to access the Podcast through the links that will be shared by the centre.

Children are more exposed to visual stimulation for learning, however developing their listening skills is also important as it helps children improve their overall communication, focus and understanding. Listening skills contribute to better relationships with family, friends and the community. This 'Jumbo Podcast', aims to build listening skills in children as they play, learn and grow.
